Mission

ISITC connects global financial services experts to reduce capital market risk and increase operational efficiencies driving the industry forward.

Corporate Membership

\$4,995

ISITC is a member-run association providing opportunities for financial services professionals to solve inefficiencies across the transaction lifecycle.

ISITC strives to:

- Engage the collective expertise of our global community of securities operations and technology professionals
- Create a platform to collaborate on key initiatives in financial services operations, including the global move to T+1, digital asset adoption, sustainability and diversity, and navigating the future of capital markets
- Develop, publish, and promote market practices and thought leadership
