 KINGLAND			
9:00 – 10:35 AM	General Session	Suwannee 18 & 19	2nd
9:00 – 9:45 AM	Emerging Challenges in Private Markets Data & Operations <i>Moderator: Kirke Cushing, Partner, DIACSUS</i> <i>John Blair, Managing Director, Goldman Sachs</i> <i>Tony Brownlee, President, Kingland</i> <i>Thomas Dunlap, Managing Partner, DIACSUS</i> <i>Shaun Hodge, Director of Operational Excellence, UMB Bank</i> This session will explore the Private Markets landscape, providing an overview of the key products, fund structures, and market participants that define the asset class. We will examine the fundamental differences between Private and Public Markets, focusing on market size, transparency, data standards, identifiers, pricing practices, and reporting requirements. Our discussion will also address operational challenges, including Limited Partner to General Partner reconciliations and real-time event monitoring, while highlighting the complexities created by limited disclosures, valuation delays, and fragmented data across the Private Markets ecosystem.		
9:50 – 10:35 AM	Operationalizing Digital Assets <i>Moderator: Daniel Huscher, Chief Operating Officer, Lukka</i> <i>Matt Ducie, Executive Director, Digital Assets, DTCC</i> <i>Simon Letort, Head of Strategic Initiatives, Digital Asset</i> <i>Anthony Ross, Head of Digital Asset Operating Platform, BlackRock</i> As digital assets continue to mature, financial institutions are increasingly focused on moving beyond experimentation and into production. This session will explore how firms are operationalizing digital assets in practice, examining the market infrastructure, operating models, and partnerships supporting adoption across the industry. Panelists will discuss real-world use cases, including tokenized collateral, and share perspectives on the opportunities and challenges of scaling digital asset solutions. The conversation will also address the role of industry standards, interoperability, and collaboration in building a more connected and efficient digital asset ecosystem.
